

CYCLOWORX

CycloWorx will again be attending the **Joberg2C Race** in 2017. Look out for our **Custom Design Mobile Workshop Trailer!**

Our workshop is equipped to do repairs and maintenance on all major bike brands as well as full services and repairs on suspensions and wheels. The trailer is also designed to carry up to 12 bikes. We will also carry a full range of spares and accessories.

CycloWorx will be offering the following packages for the Joberg2C Race:

Pre - Race Service – R 650.00:

We highly recommend that you book a pre-race service as this will ensure that your bike is in top shape before you start the race and will also give us the chance to familiarize ourselves with your bike. With the **CycloWorx Pre-Race Service** your bike will be stripped and inspected to check for wear and parts that need replacing. We will then send you a quotation with our recommendations as to the work that needs to be done to get your bike race ready. Your bike will be washed, stripped and re assembled as part of this package. **The cost of the parts are not included in the Pre-Race service package. Suspension and wheel building services are not included in the Pre-Race service.**

8 Day Race Package – R 4000.00:

The **CycloWorx 8 Day Race Package** will ensure that your bike is kept in top condition during the race. All you need to do is come and drop off your bike at the **CycloWorx Mobile workshop** after every stage and we will wash your bike and do a minor service daily. The minor service will include checking all components for wear or damage, setting your gears, checking tyre pressures and lubing the chain. Your bike will be ready for collection every morning at our **Mobile Workshop**. The price of the 8 Day Race Service Package will include all repairs and maintenance except for suspension and wheel building services which will be charged separately. **The cost of parts are not included in the 8 Day Pre Race Package.**

Bike Transport – R 600.00:

After numerous requests for bike transport back to Johannesburg after the race, we designed our **Mobile Workshop Trailer** to carry up to **12 Bikes fully assembled** - no need to even remove wheels or seat posts! All you need to do is drop your bike with the **CycloWorx crew** at the finish line and we will load your bike and transport it back safely to Johannesburg. You will be able to collect your bike from the **CycloWorx Shop** in Petervale.

Booking procedure:

Please contact Monique at info@cycloworx.co.za if you would like to make a booking.
