

### **joBerg2c Rules – Official CSA/UCI Race Rules apply along with certain joBerg2c specific rules**

For those who are serious racers these rules also provide the parameters in which riders must race to avoid penalties and punch ups. For the non-racing types they will give you an indication of what is like to race without having to.

Official racing categories will be announced on our website and based on numbers in category.

GPS event – joBerg2c is a GPS event which means it is compulsory to have a GPS unit capable of following tracks -

### **Unwritten Rules of single track**

JoBerg2c has some awesome sections of single track along the way. The “ride of way” principal applies to single track and any challenging sections.

**Ride of Way – this is a very simple concept that should apply to all fair mountain bikers all over the planet: if you are walking on a section because it is too technical or you are too tired you must give way to those riding.** If you are behind someone pushing simply ask for ride of way.

When attempting a technical climb give riders space in front of you in case they stumble.

**Give Way – if there is a faster rider behind you try to find a safe place to let him or her pass you. If you are man and she is a woman try not to put your pump in her spokes because she is quicker than you.**

If you are behind a slower rider try to ask them nicely to let you pass but don't make them panic and fall. We are all here for a good time. Keep it nice and chilled and nobody will get hurt. Not even egos. Mountain Bike events are conducted in the spirit of self-contained, self-reliant back-country cycling.

### **E-Bikes**

- E-Bikes will be allowed with written permission from the organisers, if riders motivate why they need to ride an E bike
- These E bike riders must be mountain bikes
- They will not be timed
- They will not be considered official finishers
- They will not be allowed to start higher than C batch or finish higher than C batch (position 300)
- They will not be sanctioned by CSA (Cycling South Africa)
- E Bike riders will be required to sign a separate indemnity form
- Supporters are not permitted on our route and therefore E Bikes are required to carry their spare batteries
- E Bike riders need to be self-sufficient for the duration of the event and manage the charging of their E-Bike batteries

**NB: Gravel / Cyclo Cross bikes will not be allowed, under UCI regulations, to participate.**
